## DESULTORY FIRING.

Rebels Still Making Resistance  
at Manila.

A Tennessee Chaplain Dies of  
Smallpox Leaving a  
Young Bride.

Manila, March 1.—The rebels are very active at Calocan and Malabon. They evidently intend to mount a battery in front of the Malabon church, destroyed by the fire of the United States monitor Monadnock on Feb. 27. They can be seen throwing up earthworks for guns and emplacements.

There was the usual desultory firing last evening and to-day, but the only casualty reported is in the case of Private Harold Parks, Company K, California Volunteers.

The Nebraska volunteers for the reservoir had a slight brush with a small body of the enemy this morning. The rebels scattered into the jungle after the first volley.

The United States transport Tacoma has arrived here without the loss of a horse or mule.

The Negroes commander have entertained several American officers, and British subjects at their hotel in return for the compliment paid them by Gen. Otis. They sailed for Negros to-day.

The United States transport St. Paul has embarked Col. Smith, Maj. Simmes, a battalion of the California Volunteers and the officers recently appointed to posts in Iloilo.

Chaplain Leland, of the Tennessee Volunteers, died recently at Iloilo, of smallpox.

The United States transport Arizona has arrived here.

Generally speaking the situation is unchanged.

Chaplain Leland, of the First Tennessee Regiment, whose death at Iloilo from smallpox is mentioned in the above dispatch, was from Camden, Tenn., and joined the regiment in Nashville, receiving his appointment from Gov. Taylor. Chaplain Leland was a young Baptist preacher, and had won considerable reputation in his section of the State as a fearless pulpit speaker. As a minister of the gospel, he presented rather a rugged and unusual figure, and was entirely unconventional in his habits and speech, and there were not a few who looked askance upon his manner of wearing the cloth. Soon after the regiment reached San Francisco rumors began to float back of a romance in which Chaplain Leland was engaged, and before many weeks had passed there came the announcement of his engagement to a fair California girl. Shortly before the regiment sailed for Manila the marriage was solemnized, and the young bride accompanied her husband on the voyage. Whether she was with Chaplain Leland at Iloilo or remained at Manila is not known.

## A BIG HAUL.

Covington Postoffice Burglar-  
ized and \$8,000 Taken.

Loss Will Fall On A. O. Reynolds,  
the Postmaster—Investiga-  
tion In Progress.

Covington, Ky., March 1.—The Covington postoffice was entered by burglars some time during last night and about \$8,000 worth of stamps and postal cards taken. That it was a deliberate, deeply laid plan and the work of professionals is proved by the neatness and dispatch with which the job was done.

When John Salters, one of the stamp clerks, arrived this morning he noticed the door leading to the carriers' department open, which aroused his suspicions, and a little further investigation showed him the cabinet containing the stamps and postal cards with the doors broken open and all the contents on one side removed. Holes had been bored on each side of the locks and the drawers then forced.

The strange part of it is they left about \$7,000 worth of stamps behind. The supposition is that the burglar or burglars gained admission into the place before 8 o'clock last night and hid under some newspaper sacks. A piece of cardboard was placed against the wire netting to shut off inspection from the outside.

The postmaster, O. A. Reynolds, succeeded Napoleon Carlisle, brother of Hon. John G. Carlisle. Inspector Hartson, of the Cincinnati division, has the case in charge, and, as is usual, refuses positively to talk on the matter, and will not give the actual amount stolen.

## A SMALL FIRE

Kitchen in the Rear of the Phelps  
Residence Destroyed.

At 11 o'clock Tuesday night fire was discovered in the roof of the frame kitchen in the rear of the large brick residence of the Misses Phelps, on South Main, by a passer-by. He rang the doorbell vigorously and aroused the family and turned in the fire alarm. In a short while the Fire Department responded, the flames in the meanwhile being kept somewhat in check by a small hose from the hydrant in the yard. The building was practically destroyed before the water from the fire plug could be turned on. It took only a few minutes to control the fire after work was begun and confine the damage to the small kitchen. The loss was about \$200 and was held by Brechtitt & Edmunds. It was promptly adjusted and settled the next day.

The fire started from a defective flue over the kitchen range.

The servants' room a few feet distance was not damaged.
